### **Population Day Celebration Report – 2018-19**

**World Population Day 11 July 2018**

A lecture was organized on the occasion of World Population Day on 11 July 2018 at Pandit Jawaharlal Nehru College of Social Work. Mr. AbhijitBhau Bhandarkar, Director of the Institute was the chief speaker of the program, while Dr. College Principal presided over the program. PS Patil was present. While guiding the students through the lecture, Mr. AbhijitBhau Bhandarkar said that population growth has created instability in the society. Many problems like employment, accommodation have raised their heads. It is necessary to control the population if the human animal wants to live a life with all the comforts on the surface. It is the need of the hour to curb the population so that every living person can get the basic needs of food, clothing and shelter, he said. The principal of the college, Dr. PS Patil, while interacting with the students, said that the role of social workers is very important to stop the population and urged them to visit the families in every village through field work and discuss the effects of population growth. He also said that the slogan of the Government of India, Hum Do Hamare Do, should be spread from village to village. Program Officer of National Service Scheme Dr. Jagdish Sonawane moderated the program while Assistant Program Officer Dr. Asmita Sarvaiya thanked us. The program was attended by faculty, non-teaching staff and students of the college.
